

## WAVES OF KINDNESS

© 2018 by Bernice Martin

Waves of kindness washing over me  
Lift my heart to places where I see  
Peace and beauty, truth, and love  
Filling all creation below and above

Waves of kindness washing over me  
Open my mind to places I believe  
Show a way to live our lives  
Walking hand in hand and side by side

Waves of kindness washing over me  
Move my hands to work in harmony  
Making justice true for all  
Standing together and following our call

Waves of kindness washing over me  
Touch my soul and set me free  
Wonder at the mystery  
Finding joy in being all that I can be  
Finding joy in being all that I can be
